Statement by House Appropriations Chair Seth McKeel regarding today's General Revenue Estimating Conference

Tallahassee, Fla.—State Representative Seth McKeel (R-Lakeland), Chairman of the House Appropriations Committee, issued the following statement regarding today's General Revenue Estimating Conference.

"I am encouraged by the findings of today's revenue estimating conference, which highlights that Florida's economy continues to recover. While I am pleased that it appears we will once again see a budget surplus in the upcoming fiscal year, the Florida House will still work to develop a fiscally responsible budget that maximizes every dollar, prioritizes funding in the best interest of all Floridians and also provides for meaningful tax relief for our hardworking families. I look forward to working again with Senate Appropriations Chair Joe Negron this session to produce a budget in a timely manner."
